

T02-00026-3001 Plinth Installation Instructions

The T02-00026-3001 Plinth Installation Kit is used for desktop installation of mobile radios. The plinth can be placed on the desk or on the T02-00036-xxxx Universal Input Power Supply Unit.

The kit is supplied with four thumb screws to attach a mobile radio, and three screws and washers to mount the microphone clip.

Mounting the Microphone Clip

The microphone clip can be mounted to either side of the plinth, allowing for left-handed or right-handed use.

- With the supplied screws and washers, mount the microphone clip to the side of the plinth.

Mounting the Radio in the Plinth

- 1 Position the radio in the plinth so that the mounting holes of plinth and radio line up.
- 2 With the four thumb screws, fasten the radio.

Electrical Connections

For information regarding electrical connections, refer to the TM9300/TM9400 Installation Guide (MMB-00002-xx).
